Innovation Entrepreneurship Development Success Growth

The Technology and Entrepreneurial Center (TECenter) is dedicated to the development, growth and success of technology companies.

Located on Boise State University's West Campus, the TECenter offers start-up and early-stage technology company entrepreneurs the expertise, networks and tools they need to succeed.

Technology start-ups are the most exciting drivers of the American economy, yet many either do not get off the ground or survive because the entrepreneur with the good idea does not have the financial, marketing, legal or management training to grow a company.

The TECenter is the best opportunity in the Treasure Valley for potentially world changing technology companies.

Growing Great Ideas

Access to Boise State University resources, tailored client development processes, a resource pool of professional experts and affordable flexible space are just a few of the benefits. The TECenter also provides a broad range of development and facility services.

Development Services

- Assessment and Feasibility Reviews
- On-going Work Plan Documentation
- Economic Feasibility Analysis
- Strategic Marketing Plans
- Strategic Business Plan Development and Risk Analysis
- Capital Planning, Development and Showcasing

Facility Services

- 24/7 Secured Building and Interior Access
- Private Suites
- Basic Telecom Package: (OC-3 Bandwidth, Internet Access and Static IP Addresses)
- Availability of Surplus Furniture and IT Equipment
- Priority Use of Presentation Meeting and Conference Rooms
- Priority Use of Audio/Visual Equipment
- Interactive TECenter Web Site

Is Your Company a TECenter Candidate?

What makes a technology company an attractive TECenter candidate?

- **Growth Potential**
- **Commitment**
- **Entrepreneurial Spirit**

The TECenter looks for start-up and early-stage companies that are developing technologies that one day could change entire industries. Companies run by individuals who are committed to innovation and the pursuit of excellence. Companies that recognize the value that the TECenter can bring to their development and success.

Find out if your company is a candidate by filling out an application online at www.bsutecenter.com or contacting us at...
